

## Nonprofit Community Partners:

- We can create a challenge personalized to your nonprofit organization for free
- If you have a physical location, we could send participants there to scan QR codes, check-in or upload a photo taken there.
- We can ask participants to visit your website or social media and answer questions about what they learn.
- Partners are encouraged to register to play as an individual or a team!
- Join us at the after party to promote the good work you do!

Email [Amy@WellbeingCollab.org](mailto:Amy@WellbeingCollab.org) to begin planning your challenge.
